Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Opens the Crop Recommendation website • Collects soil and weather data • Enters all required input values	• Clicks Predict/Recommend • ML model processes the inputs. • Views the recommended crop and confidence score.	• Selects the suggested crop • Plans cultivation accordingly • Expects improved yield and profit.
Touchpoint <i>What part of the service do they interact with?</i>	• Web application homepage. • Input form. • Soil & weather information	• Prediction button • Machine learning model. • Recommendation results page.	• Recommendation report. • Farming decision • Crop planning.
Thought <i>What is the customer thinking?</i>	• Which crop is suitable for my land? • Are my input values correct? • Will this system help me?	• I hope the recommendation is accurate. • Is the prediction reliable? • Which crop gives better yield?	• I can make a better farming decision • This recommendation looks useful • My productivity may improve.
Customer Feeling <i>What is the customer feeling?</i>	Curious, uncertain, hopeful	Interested, confident, optimistic	Satisfied, confident, motivated

Process Ownership <i>Who is in the lead on this?</i>			
Opportunities <i>How can we improve this stage?</i>	• • •	• • •	• • •
